Source: Pinellas County Property Appraiser Revised Recap of Ad Valorem Assessment rolls of Pinellas County, Form DR-403AC

^a Section 192.001(2), Florida Statutes, defines assessed value of property as "an annual determination of the just or fair market of an item or property...." Therefore, grossed assessed value is "Estimated Actual Value". Assessed value is estimated and adjusted annually with a physical inspection every third year.

^b Exemptions are provided for agricultural government, institutional and historic preservation property. Exemptions available solely to residential property include, but are not limited to, widows/widowers, disabled/blind, \$25,000 homestead and homestead differential (capped values).

^c Centrally assessed property is property that is assessed by the State of Florida rather than by the Property Appraiser since the property is located in more than one county. Centrally assessed property is primarily railroad property with no exemptions available.

^d Total Direct Rate is the weighted average of the direct rates levied (taxes levied to total taxable value).

^a Direct rates support the ad valorem revenue base recognized by the County

^b Section 200.071, Florida Statutes, a county may not levy in excess of 10 mills, except for voted levies and for services or facilities provided through a municipal services taxing unit (MSTU)

^c Total direct rates is the weighted average of the direct rates (taxes levied to total taxable value)

^d Overlapping rates are those rates levied by other local governments who overlap Pinellas County's geographic area. Not all rates apply to all Pinellas County residents; for example, each incorporated municipality within the County also taxes its respective residents, etc.
