44. Resolutions adopting tentative millage rates and budgets for Fiscal Year 2020 (first public hearing).

Public hearing was held regarding the proposed Fiscal Year 2020 tentative millage rates and budgets for Pinellas County; resolutions adopted approving tentative millage rates (No.
19-67) and budgets (No. 19-68) for the Pinellas County General Fund and Pinellas County Health Department Fund; resolutions adopted approving tentative millage rates (No. 19-69) and budgets (No. 19-70) for the Emergency Medical Services Authority, Pinellas Planning Council, Unincorporated Area Municipal Service Taxing Unit (MSTU), Public Library Services District MSTU, Palm Harbor Community Services District, Feather Sound Community Services District, East Lake Library Services District, East Lake Recreation Services District, and the Belleair Bluffs, Clearwater, Dunedin, Gandy, High Point, Largo, Pinellas Park, Safety Harbor, Seminole, South Pasadena, Tarpon Springs, and Tierra Verde Fire Protection Districts.

Ms. Harris reported that no correspondence has been received regarding the tentative millages and budgets.

Chair Seel indicated that a representative of the Property Appraiser’s Office is available to respond to anyone having questions or concerns about the assessed value of their property or the information that appears on the Truth in Millage (TRIM) Notice.

Chair Seel reviewed the sequence of events for the evening’s proceedings, relating that even though Florida Statutes provide that a taxing authority may adopt tax levies and budgets of all its dependent special taxing districts and municipal service taxing units by a single unanimous vote, members of the general public can request that the Board discuss and adopt any of those items separately; whereupon, in response to her queries, no citizen requested that an item be separately reviewed.

Thereupon, Chair Seel opened the first public hearing on the tentative millage rates and budgets for Fiscal Year 2020.

Ms. Harris reported that the public hearing is being held in accordance with Chapters 129 and 200 of the Florida Statutes; and that the meeting has been duly noticed by the Property Appraiser’s mailing of the TRIM notice.

Chair Seel announced that the Board of County Commissioners (BCC), as taxing authority for the BCC Countywide, the Dependent Special Districts, and the Municipal Service Taxing Units, as listed above, will now proceed with the public hearing.

Mr. Burton related that the percentage increase in the millage rate for all budgets, over the rolled-back rate, based on the maximum rates on the TRIM Notice, to fund the Fiscal Year 2020 Tentative Budget is a 4.61-percent increase over the aggregate rolled-back rate; whereupon, he indicated that the primary purposes for the increase in millage over the rolled-back rate are as follows:

- In the General Fund including Unincorporated Area MSTU, Health Department Fund, and the Emergency Medical Services Authority, revenue increases are required to support personnel and operating expenditure levels that are driven by inflationary factors.
· In the Public Library Services District MSTU, the Palm Harbor Community Services MSTU, the Feather Sound Community Services MSTU, the East Lake Library Services MSTU, the East Lake Recreation Services MSTU, and seven Fire Protection Districts, revenue increases are needed to support increased expenditures by the agencies providing services for those districts.

· In five Fire Protection Districts, revenue decreases are due to those districts having sufficient reserve levels to provide for future planned capital along with property values that can support annual operations at a lower millage rate.

Mr. Burton indicated that a schedule of changes to the proposed budget was distributed to the Board on August 29, 2019; and that modifications include both Board-directed changes approved at BCC meetings or work sessions and technical adjustments related to accounting presentation, updated information, corrections, and other minor changes; whereupon, Office of Management and Budget Director Bill Berger conducted a PowerPoint presentation titled Doing Things! Fiscal Year 2020 Tentative Budget, a copy of which has been made a part of the record.

Following the presentation and in response to queries by Commissioner Eggers, Mr. Berger provided information with regard to the six-year forecast, the health of County funds, and the net increase in full-time equivalent positions within the budget.

Thereupon, Chair Seel announced that the Board of County Commissioners will continue the hearing as the taxing authority for the BCC Countywide, Dependent Special Districts, and MSTU levies, as previously referenced, by taking public comment from citizens who wish to be heard regarding the Fiscal Year 2020 Budget.

No one appeared in response to the Chair’s call for persons wishing to speak.

Chair Seel announced that resolutions will now be considered to set the tentative millage rates and budgets; and that the amounts will not be finalized until the public hearing on September 24, 2019; whereupon, Mr. Burton announced each of the resolutions separately, which have been made a part of the record.
