

COUNTYWIDE

**Legal self-help online
at court clerk's Web site**

The Pinellas County Clerk's Self Help Center for affordable legal services has made its user-friendly software available online through the Clerk's Web site, www.pinellasclerk.org. This remote access to the legal forms required for filing tenant evictions, divorce and small claims cases eliminates the need to visit the Clerk's Self Help Center for help. By paying with a credit card, residents can use the software to complete small claims, landlord/tenant and family law forms from their home computer. The software contains easy-to-follow instructions for completing the paperwork. For more information, call 464-5150 in Clearwater, or 582-7941 in St. Petersburg.
